There are several issues that are causes of concern about the proposed take away outlet: There are no proposed opening hours mentioned. If the outlet is intended to be operating in the evenings until late. I would be concerned that it could lead to noisy groups of people congregating on the street and lingering to consume their food in the vicinity and elsewhere in the village especially Wessen Court, situated directly across the road from the outlet, which is sheltered accommodation for elderly people. While I am sure that facilities for rubbish disposal will be provided there is still a potential for discarded packaging and food to be thrown away in the surrounding areas leading to higher levels of litter and the possibility of vermin. There is also the concern over parking. The outlet is to be sited by the road, on a blind corner on Station Road. There are already existing problems with buses and other large vehicles causing traffic holdups when rounding the corner that are caused by illegal parking on double yellow lines on the bridge that will be exacerbated by additional cars.
