I part own which is directly adjacent to the proposed development. I have no objection to the development as the existing building is a derelict eyesore and the site in the past has been used and has been occupied by the travelling community illegally with accompanying mess and noise. However, I object to the location of the bins and bottle bank as they are directly outside the property's front lounge and bedroom windows. This will cause noise, smells, litter and disturbance and the right to enjoyment of the property will be severely impaired.
