User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
I object to this planning application for the following reasons: 1. There is a need for small affordable homes not 4 bed homes. 2. The appearance and design is inappropriate for the area. 3. Traffic and parking is an issue in the area and needs addressing. 4. Overlooking other properties in the area. I hope you will consider these issues and refuse permission for this development
