Postcode:	HD7 4AE

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
<p>I would like to object to this application for the same reasons that I objected to the change of use of 9 coal chutes on the opposite side to the proposed 7 apartments by the same applicant - mainly the safety aspect that parking for 10 cars is going to cause in addition to cars visiting the storage units. Access to the highway is only 7 metres wide and cannot be extended due to the railway bridge being on the right of the exit and the property on the left being in other ownership. The view to the left also gives no visibility due to the siting of an electricity supply building (Over 1.005 metres high) so a workable visibility splay cannot be introduced. There is no footpath on that side of the road and many school children use the road to get to Golcar. I am seriously fearful that a child or other walker will be hurt due to the increased amount of traffic generated by this parcel of land.</p>
