The area is in green belt. This and very close proximity to neighbouring residential properties was the reason restrictions were placed to limit its use to storing coaches and buses, with any activity only between 08.00 and 20.00 Monday to Friday, no activities Saturdays and Sundays and Bank Holidays plus restrictions on noise emission levels. This development has been detrimental to the green belt, particularly when coaches have no marked bays so the number has, most of the time, exceeded the agreed number, causing more manoeuvring, noise and pollution. It will still be detrimental to the green belt. A danger of upgrades involving lighting and building needs to be guarded against. The original planning condition should be adhered to.
