Dear Sir I am writing to object to planning application 2021/90800 while I have no objection to plans for the mill I feel there are several reasons the houses should not be built firstly they are out of keeping with the area secondly the access is woefully inadequate not only is Water Street too narrow for vehicles to pass it is access to a very busy footpath used by numerous people every day existing houses on Water Street are accessed straight on to the road with no footpath thirdly the area is just too small to support so many people it will be a nightmare to get children to the nearby school safely finally the parking again is inadequate
