<p>Access to the site is inadequate to cope with 19 Houses and up to 58 cars (parking spaces applied for). Access would be via Spring Lane which is totally inadequate to accomadate the likely volume of traffic and enters Coop Lane with little pedestrian provision and access on foot required to the local school. To grant permission would create a dangerous situation for pedestrians.</p> <p>Also development on this scale envisages the use of an area in green green belt which cannot be justified.</p> <p>Development on this site should be restricted to fewer houses, fewer car parking spaces and to land outside the green belt.</p>
