I have had a quick chat with Giles on this. He has visited the site previously and met with the applicant/agent. Public footpath Holmfirth 95 runs within the development site **and has been obstructed for many years.**

Prow would ask for a pre-commencement condition for the submission of a scheme for the treatment of the public footpath. Also for a scheme for the safety of the users of the footpath and for the construction, management, implementation and retention of the footpath
