| <p>I am writing to let you know of my objections to planning application 2021/90807 for the following reasons</p> <p>1. The peace of properties that overlook the proposed dog training area is likely to be shattered on any or all of the 6 training days. These houses are part of a quiet residential area overlooking a large greenbelt space To have the type of business that is proposed in this setting would be inappropriate and detrimental to the residents' quiet enjoyment of their homes.</p> <p>2. The proposed change of use would have an impact on local wildlife eg squirrels,foxes, Voles,nesting birds and more.</p> <p>The land to the north side has supported horses and sheep at various times,which could suffer disturbance from the close proximity of the dogs.</p> <p>3 there is likely to be an increase in traffic along WestView from people bringing their dogs for training. This is a small residential cul de sac that could become congested</p> <p>For 6 days a week causing continual difficulties for the residents there. There would also be an increase in emissions.</p> <p>4 peace,privacy and consideration of the environment can be all too easily lost in our fast moving modern world. I' m not against change per se, but understand that not all change is good, and</p> <p>Important that we identify early</p> <p>Which changes, however small,are likely to impact adversely on people's lives.</p> |    |
