To whom it may concern,

I am emailing in regards to the above planning application.

. I wanted to raise two points:

1. I have concerns for our privacy, will this 2-storey extension allow the above address to look into our private garden? If so, I think this can be solved by using frosted windows and creating an appropriate screen.
2. More importantly, I would like to confirm the dimensions to understand whether this would block our view of the town centre.
