I object to these current plans as they will ruin the look of the new playgroup and wildflower areas and the centre of the village. The big storage units could be built elsewhere on the premises and this area kept for parking. The refurbishment of the pub is a good idea and stops it being an eyesore in the centre of the village but not sure why half of it needs pulling down. It is not going to look nice or in keeping with the area next to only green piece of open land in the centre of the village when they will be other options available to the owners of the land than 5 great big ugly units just for storage.
