

**KIRKLEES COUNCIL**

**TOWN AND COUNTRY PLANNING ACT 1990, SECTION 192  
(as amended by Section 10 of the Planning and Compensation Act 1991)**

**TOWN AND COUNTRY PLANNING (DEVELOPMENT MANAGEMENT  
PROCEDURE) (ENGLAND) ORDER 2015: ARTICLE 39**

**REFUSAL OF CERTIFICATE OF LAWFUL USE OR DEVELOPMENT**

---

**Application Number: 2021/CL/91230/E**

---

**To:** Kyle Swift  
8, Barbican Way  
Pontefract  
WF8 4SU

**For:** C Sutcliffe

**FIRST SCHEDULE** CERTIFICATE OF LAWFULNESS FOR PROPOSED  
ERECTION OF SINGLE STOREY EXTENSION

**SECOND SCHEDULE** 517, Bradford Road, Birkenshaw, BD11 2AA

**KIRKLEES COUNCIL HEREBY REFUSES TO CERTIFY THAT ON 24-MAR-2021 THE OPERATIONS DESCRIBED IN THE FIRST SCHEDULE THERETO IN RESPECT OF THE LAND SPECIFIED IN THE SECOND SCHEDULE HERETO AND EDGED RED ON THE SUBMITTED PLANS WOULD BE LAWFUL WITHIN THE MEANING OF SECTION 192 OF THE TOWN AND COUNTRY PLANNING ACT 1990 (AS AMENDED), FOR THE FOLLOWING REASONS:**

The proposed single storey side extension at 517 Bradford Road does not meet the criteria of permitted development as set out in Schedule 2, Part 1, Class A of the Town and Country Planning (General Permitted Development)(England) Order 2015 (as amended) as the proposed extension would join onto an existing enlargement to the original dwellinghouse. The combination of the existing and proposed enlargement exceeds the limitations of paragraph (ja) of Class A by reason of paragraph (j) as the widest part of the total enlargement exceeds half of the width of the original dwellinghouse .

### **Development within a Coal Mining Area**

The proposed development lies within an area that has been defined by the Coal Authority as containing potential hazards arising from former coal mining activity at the surface or shallow depth. These hazards can include: mine entries (shafts and adits); shallow coal workings; geological features (fissures and break lines); mine gas and former surface mining sites. Although such hazards are seldom readily visible, they can often be present and problems can occur in the future, particularly as a result of new development taking place.

It is recommended that information outlining how former mining activities may affect the proposed development, along with any mitigation measures required (for example the need for gas protection measures within the foundations), is submitted alongside any subsequent application for Building Regulations approval (if relevant).

Any form of development over or within the influencing distance of a mine entry can be dangerous and raises significant land stability and public safety risks. As a general precautionary principle, the Coal Authority considers that the building over or within the influencing distance of a mine entry should be avoided. In exceptional circumstance where this is unavoidable, expert advice must be sought to ensure that a suitable engineering design which takes into account all the relevant safety and environmental risk factors, including mine gas and mine-water. Your attention is drawn to the Coal Authority Policy in relation to new development and mine entries available at:

[www.gov.uk/government/publications/building-on-or-within-the-influencing-distance-of-mine-entries](http://www.gov.uk/government/publications/building-on-or-within-the-influencing-distance-of-mine-entries)

Any intrusive activities which disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) requires a Coal Authority Permit. Such activities could include site investigation boreholes, excavations for foundations, piling activities, other ground works and any subsequent treatment of coal mine workings and coal mine entries for ground stability purposes. Failure to obtain a Coal Authority Permit for such activities is trespass, with the potential for court action.

If any coal mining features are unexpectedly encountered during development, this should be reported immediately to the Coal Authority on 0345 762 6848. Further information is available on the Coal Authority website at:  
[www.gov.uk/government/organisations/the-coal-authority](http://www.gov.uk/government/organisations/the-coal-authority)

**If the application has been publicised by notice(s) in the vicinity of the site. It is respectfully requested that the notice(s) now be removed and responsibly disposed of to avoid harm to the appearance of the area**

## NOTES:

- (1) If the applicant is aggrieved by the decision of the Local Planning Authority to refuse an application for a certificate of lawfulness of development, in whole or part (including any modification or substitution of the description of the use, operations or any other matter), s/he may appeal to the Secretary of State in accordance with Sections 195 and 196 of the Town and Country Planning Act 1990 (as amended). Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at <https://www.gov.uk/planning-inspectorate>. Further information on the Planning Appeal process can be found online at the Planning Inspectorates website <https://www.gov.uk/government/organisations/planning-inspectorate>.
- (2) This decision is issued solely for the purpose of Section 192 of the Town and Country Planning Act 1990 (as amended)

An important part of improving our service is to review your feedback on the way that we have dealt with your planning application(s). Please take a couple of minutes to email your comments to [dc.admin@kirklees.gov.uk](mailto:dc.admin@kirklees.gov.uk) so that we can work on continually improving our customer service. Thank you.
