

These drawings have been prepared for the purpose of a planning submission only.

All forms of construction and detailing are solely the responsibility of the builder.

Where applicable both planning and building regulation approval must be obtained before work commences. If there is any doubt, please consult the designer or the appropriate Local Authority department.

Planning conditions
Planning approval notice to be checked for any planning conditions relevant to the proposal.

Permission from Property Owners
Tenants must obtain written permission from their Landlord's / Owners of the premises before applying for planning permission.

Permission from Adjoining Neighbours
Where necessary client / owner are to obtain written permission from adjoining neighbours whose boundary or property may be encroached upon during or after construction.

The Planning system can do nothing to assist owners when boundary disputes arise.

In principle, when erecting a new building or extension to a building, you can construct it up to the boundary but must not encroach over the adjacent land without the express consent of the adjoining owner.
This means keeping all elements, including temporary scaffolding, the projection of foundations, eaves, rainwater goods, opening windows etc. within the confines of your own land.

In the event of a dispute arising client should obtain legal advice immediately.

Party wall act 1996
Occupiers of both adjoining properties must be in agreement of the construction work and the detail of the construction before works commences on site.

CDM Regulations
The builder will need to comply and include for Health and Safety, Construction Design Management regulations (CDM), please see link below.
<http://www.hse.gov.uk/construction/cdm/2015/domestic-clients.htm>
2015 for this project
