The location of this could not be worse and must be rejected. Its in an area where Woman and Children are always, walking, riding and cycling alone in a open rural area and at risk from some of the intended residents. There are several families within yards of the site that have very young children and on top of that as the crow flies around 250 yards away is the Grey Fell Kindergarten. Quite how the parish council can support such a plan is unbelievable and hopefully they will see sense. I assume the intended tenants will be walking to the local transport hubs, past these families and very close to the kindergarten which puts so many people at risk. Whilst i understand the problems the children residing here may have there must be more suitable places than within yards of so many woman and children.
