The current application plans set out to build a wall on top of the existing boundary wall between the properties and also to use the current outer wall of my property within their building. The boundary wall also belongs to me as verified by land registry documents : title number wyk695448 I object to the use of my boundary wall and exterior house wall in the current plans as it infringes on my property rights. Additionally if they were to build the extension using my current house wall it would turn the property from a semi detached house into a terraced house therefore significantly reducing its value.
