Dear sir or madam we wish to object to the planning for a filling station on heckmondwike road ,the road is very busy with two nursery's a home for the disabled a chemist and a shop ,there is a filling station further along the road ,the area is polluted already with traffic and we should not be building further petrol stations when we are suppose to be having electric vehicles,.we should be reducing carbon emissions.we live opposite the cemetery and the road as got even busier.
