| <p>I wish to make an objection to this planning application.</p> <p>My sister is a client at the Ambitions Centre at Shillbank Lane. The Council will be aware of the valuable work this organisation does for adults with special needs, and becoming part of the Ambitions 'family' has been hugely beneficial to both her and to my family. I want my sister to be able to learn and flourish in a safe environment and currently I feel that this is what she has. However, the intention to build 45 new houses in Northorpe will not help this situation. The clients use Northorpe Lane to access activities at Northorpe Hall. You will appreciate that many of the clients find life challenging and things that may seem insignificant to most people – like crossing the road or dealing with busy situations – can be stressful and scary for those who do not experience daily life in the same way that many of us do. The extra traffic that this development will create is a risk to my sister and her friends. The roads in this area are already busy and especially so when the school run is on. The staff at Ambitions are brilliant, but this will give them extra worries in trying to keep their clients safe.</p> <p>The residents of Northorpe have been very supportive to this organisation both financially and in the day to day assistance and support they give. This new development will damage the community that exists here and I do not think that building a new estate will be beneficial.</p> |     |
