<p>I have passed comments on this planning application 3 times I cannot see much difference re the application to the last one Therefore my past comments still remain I cannot emphasise enough how busy Northorpe Lane is I plus the road is not wide enough where access to the proposed site will be I don't know how the heavy plant required will be able to access the site via Northorpe Lane from what I understand Highways England stated the developers need to purchase the grass verge - has this happened I'm not aware of this - I have been advised that my property and adjoining property own part of the verge to date no one as contacted either of us about this. I have no objection to the houses if these are Affordable housing in particular for first time buyers but what you need to consider is the extra traffic using the Northorpe Lane maybe there is an option of another entrance From the plans looks like most houses will be 2 car families</p>
