Subject: Objection to a pending application

Importance: High

Reference: Objection to Planning Applications 2021/90299 and 2021/91941

Please find attachment regarding a previous Planning Application submitted by the occupants of 138 Gomersal Lane, the property directly adjacent to 154 Gomersal Lane.

Please note the LPA's comments throughout the document which ultimately led to the application being refused at both submission of plans and at appeal of the original decision. In comparison to the plans submitted for the development of 154 Gomersal Lane, these refused plans are of the scale of a 'Dolls House'

The Planning Officers dealing with this case should take into consideration the reasons for rejecting the plans detailed in this attachment. If the plans for 154 Gomersal Lane are passed it shows how hypocritical and inconsistent Kirklees Planning Department really are.

We have concerns over the legality of a decision to grant planning given your reasoning in the attachment, we await your judgement before passing this to our solicitors who are instructed to take this as far as the home secretary, Irrespective of costs

Regards
