Nos. 3 and 4 Two Gates is a good example of vernacular domestic and agricultural architecture. Together with nos. 1, 2 and 5 Two Gates they illustrate the origins of Two Gates as a settlement separate from the centre of Slaithwaite. As a former farmhouse, the relationship between No. 3 Two Gates and the surrounding farmland is an important feature of its setting. The proposed sunroom would have a minimal impact on the setting of the farmhouse.

Conservation and Design therefore have no concerns about the proposed development on heritage grounds.

Comment has not been provided on the general design of the proposed development, please advise if this is required.
