| <p>It is unacceptable to to complete the build so far and then say oh dear we can't plant the screen as planned because we made a mistake on the ground works.</p> <p>The building is enormous and over whelming and should have been built with screening from near residents as a major priority. I hope that this application is not just going to be rubber stamped. Caddicks have behaved irresponsibly and as a consequence properties in the vicinity have lost value. There has to be a better solution</p> |    |
