The landscaping of the site was an integral part of the original permission for the planning approval. These new buildings Stand out and are not architecturally pleasing. The developer should not be allowed to down grade the landscaping that they have previously agreed to. Screening theses buildings with trees would greatly improve both the site itself, and the surrounding areas. With these points in mind I strongly recommend the refusal of this planning application, and would like our council to insist that the agreed landscaping scheme is adhered to. Regards
