The construction of these buildings has spoilt the beautiful area of mirfield moor, the conservation and nature in the area has been hugely effected! Since this building work has taken place there has been several dead wild woodland animals within a close proximity. These buildings are an eyesore and can be seen from miles around. It's ruined the outlook of the area. Nature and green areas destroyed for ever! We need trees to hide the disgusting things and hedgerows that the births can again nest in!
