Postcode:	HD3 3NS

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	No
As per the previous planning application, our reasons to object to the current application remain the same, being, 1. To our knowledge this is now the fourth time number 18 has been altered, on at least two of these occasions, because of the shadows cast, it has reduced the amount of daylight falling on our property. We have not objected to the previous alterations but find that any further increase in the hight and length of the property, plus hight of the garden, will cause the amount of cast shade to seriously affect our living conditions. 2. We have no objection to the front of the property being extended, as any reduction in the amount of available sunlight will not affect our living conditions. 3. These alterations may increase the value of number 18 but could seriously reduce the value of neighbouring properties.
