Dear Kirklees Planning,

I am applying to planning for a proposed new unobscured window to the first floor of my house. This is a lounge window on the side elevation. See submitted documents.

There are already two unobscured windows on this elevation, and I have provided a photo of this view.

The window will overlook my extended garden ground purchased in April 2020 (smaller blue shape on plans). The larger blue shape has belonged to myself and the 5 other directors of Roundhill Meadows Limited. Incorporated 22/8/2017.

<https://find-and-update.company-information.service.gov.uk/company/10928258>

The land is used as allotments and the remaining land is let out as a horse field for part of the year.

We already have views over this area from two smaller unobscured windows since purchase of the house in August 2016.

This proposed window will not impact on any other house/resident on the green.

With regards to the window type I am proposing to install safety double glazed windows of the same style and with the same opening on the top section as all other original windows in the house.

Regards,

Jean Moyser
