Address of the site or building:	2, Town Road, Kirkheaton, Huddersfield, HD5 0HW
Postcode:	

### User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
<p>T&amp;C Planning Act Sect 7 - Materials The applicant states no materials to be used externally. THIS IS INCORRECT. A 350mm black finish ventilation system with filter and attenuation system(no details of materials of construction) etc. It will be very obvious from NW and SW elevations. This will stick out like a sore thumb on an early Victorian stone building and out of keeping with surrounding properties.</p> <p>The parking survey should be discarded since it was carried out during lockdown and furlough, thus it is not relevant to this application. Lockdown will only be removed on 19 July, therefore the final statement Sec.4.3 should be removed.</p> <p>Policy LP16 items b,c,d and esp g are pertinent. Conclusion 5.1 much of the information supplied is thus incorrect and as a result and conclusions by the applicant are Invalid.</p> <p>This application should be DENIED. One further point, why does the owner threaten a fall back use in 5.2 without stating this use?</p>
