I am concerned about the safety and security of the existing residents of this peaceful cul de sac

especially with the increase in the volume of traffic which is bound to ensue should the application be approved . It is obvious that this issue has not been realistically covered in the application

There is only just room for one car on the drive of the property in question and it is proposed that two Carers will be continuously coming and going and changing shifts and one admin person will be there every day . In view of the actual proposal it is obvious that other professionals will be required to visit not to mention the movement whilst taking the children to school daily and whatever might happen in the school holidays

. I would ask you to take this objection seriously There are people living here who do not deserve to have their lives disrupted by an unsuitable change of use of a private house
