I was initially mislead by the postcode of this planning request. It is actually for Lin'fit Fold Hd75lw Lin'fit Fold is a special pocket in Linthwaite highly valued for it's historic nature, (Grade 2 , 3-Storey dwellings face opposite the proposed build). In close proximity is Lin'fit Hall, dating from 16th C., and another 2- Storey dwelling of historic value is next to the 3-Storey dwellings. To build on the said plot would not only destroy this highly valued part of Linthwaite's heritage/ completely block out any view from the cottages at right-angles to it/ destroy wildlife habitat (including resident bats), but also create a serious hazard to both pedestrians and motorists, as it would result in further congestion to an already congested area, plus it would increase danger to parked cars on the opposite side of the proposed build.
