To Whoever Case Officer is,

Amended plans/additional information consultation letter was received on Friday morning 4th February in Louise Bearcroft's name. I understand from bounce back email that she is now on maternity and tried contacting her team leader and got bounce back on his email address and had no responses to telephone contacts.

Please re-consult YW when the above information has been included on your public access documents list as there is a current objection to the development proposals.

Kind regards
