I would like to object to the planning application for 9 sackville street
In Addition to the residents letter I would like to mention the following points:

My light will be affected,
I have issues getting my bins out due to vehicles parked in the shared gully.
This commercial development is too close to my home.
These houses are single small houses and having a commercial development of this nature
will greatly affect my quality of life.

I have lived here for years. And if this development goes ahead I will be forced
to move as I cannot imagine how I will be able to enjoy my property and have any
privacy,

Please can you keep my personal details anonymous and not disclose my name and
address as I would like to keep these private.
