| <p>I am objecting as the proposed house will look directly onto me. Previously I have put planning application in and had to change my plans because of overlooking the farm buildings. The windows then had to be smaller or have to be obscure. I don't understand how it has got planning for caravan storage which never happened this was done so it would be easier to then get houses on the land. The land was meant to be a farm or fields not houses. That was the wish of the previous deceased owner. Denby Dale has already a huge increase in housing does this warrant more housing which is not the affordable kind.</p> |                              |
