To whom it may concern,

I have lived here for 7 yrs. like the peace & quiet & my flat too. I can't believe you are wanting to build 10 bedrooms on this small area.

If they go up we should have difficulty selling our flats. By the look of things some of us will be looking down on car parks that we will not be able to use. all the mess and inconvenience for us getting in and out. It in an emergency may be hard for us here to get an ambulance. I feel the planners have not considered our thoughts at all.

Yours sincerely

P.S. I do not want my address to be published.
