Quote Specification and Costing:

Job description:

The front car park has overgrown weeds within the shrub beds. There are 2 tree encroaching onto the building and other trees that are within the highways regulation clearance zone of 2.4 metres over paths and 5.2 metres over the road. There is also a hedge row running along the side of the car park which is encroaching over the wall. Our certified team shall attend site and complete the following operations:

- All weeds greater than 100mm will be removed from site
- All weeds less than 100mm will be treated with a glyphosate based weed killer and left in-situ to degrade
- The two trees encroaching on the building, will have a 2 metre reduction using a pole saw
- The trees that are encroaching on the road/paths will be uplifted using a pole saw
- The hedgerow will be reduced back to the line of the wall using long reach hedge trimmers
- All waste will be processed through a wood chipper and removed from site for suitable disposal

 point installations, treatment of invasive weeds and design

Once we have your instruction I will schedule the works with our team, which will be completed within 2 weeks in line with our service commitment to you and carried out as per the terms of our agreement.

One of our Key Account Managers will be in touch in a week's time if we have not heard back from you to ensure you have everything you need in order to make your decision.

Yours Faithfully,

Ben Myring
