Amendment, yet again we find out the planning has been granted so yet again the public find out after the fact, this is why i have written to you because you cannot appeal as stated in the latest local Focus Flyer. Please don't forget the impact on local houses for 2 years of having large wagons taking materials in and out of the site, plus the extra impact on Yorkshire water and drains which are already failing at a great rate just look at the impact on Bradford Rd for the last few months and the impact on the local rat runs.
