Subject: Planning for 178 Deighton Road

Ref 2021/62/93608/W

Hi Katie

This planning application has recently come to my attention. The land this application is attached to has been adversely possessed by Mr Mahmoud. He demolished the six garages located on the land for fifty years against the wishes of the owners, some of whom had been in residence for all that time. The garages and lease of the land was purchased from the Oddfellows lodge that also originally owned all the adjacent properties. Kirklees sold the land on to Estates and Management limited some time after, but this did not effect the residence of the garages or these rights. Estates and Management had effectively washed their hands of responsibility for the land in any case - refusing interest when one of the trees on the land fell and partly demolished one of the garages which was subsequently reconstructed.

A conflict of interest therefore exists and planning should not be granted.
