Address of the site or building:	Globe Mills, Bridge Street, Slaithwaite, Huddersfield, HD7 5JN
Postcode:	BD8 9TF

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
I object to the complete removal of this condition. I appreciate that the developer has spent a significant amount of money of regenerating this building, however removing the condition would be detrimental to the appearance of the area and also not be environmentally friendly. The Condition clearly states that the development should encourage non-car use and if removed, this will just mean that the only easy way to access the mill will be via car. Bridge Street is a narrow and at times dangerous street, especially now cars are having to pull out between parked cars and people double parking. If the developer feels that the condition is too onerous then this should be amended and reduced at least so everyone using the mill can do so safely. I would at least like to see provision for parking bikes and an access point from the canal put in, as the only safe place currently to park bikes is aldi which is not sufficient for the village. a mirror on the other Globe Mill should also be installed to help cars exit the mill car park.
