**Subject:** Objections to solar installation

Dear Mr Hirst,

Voicing objections to planned solar panel installation.

The direct residents to this location have had little chance to object.

The area has rare and protected brown badgers.

There hasn't been enough meetings involving the public to discuss thoughts on such a large project.

This will have a big impact on residents in the area and they have not been adequately consulted in the matter. This is important to do before any work is started.
