**Subject:** Objection - Planning at Low Farm, Wakefield Road, Flockton, Huddersfield

Dear Mr Hirst

I am writing to make a formal objection to the planning application made to erect and operate a grid connected solar photovoltaic farm at Low Farm, Wakefield Road, Flockton, Huddersfield.

I have been informed that no formal meetings have been held or any feasibility reports carried out. We are incredibly concerned the area will become brown belt and therefore the land would be at risk of a different planning application being submitted, one that would not benefit the environment or our community.

My main concern is that if the solar farm does not go ahead that no other planning be submitted and the entire 200 acres of land should revert to green belt.

With kind regards

Yours sincerely
