As the landlady of number 2 & 3 Buckrose Terrace Birkby both of my tenants have complained to me about the erection of a platform in the adjacent garden, I have been & had a look myself & I regard this as an intrusion of their privacy, in the past my tenants window was broken by children in this property playing football luckily the tenant witnessed this & eventually they paid for it to be replaced this was before the canopy had been erected. This platform has already been erected & allows them to look directly into the windows of my property's. How can someone apply for planning when it has already been built, this surely is a breach of planning regulations, this needs removing as it has been there already for 6 months, my tenants have said that nobody will want to move in the properties if they have to move out, both tenants have lived there over 25 years & never caused a problem, I look forward to your reply
