APPLICATION 2021/93700
92-94 HALIFAX OLD ROAD
BIRKBY
HUDDERSFIELD
HD2 2RP

To, whom it may concern, I am a tenant at 2 Buckrose Terrace and have lived here for over 30 years. I strongly object to the erection of a platform in this garden at the bottom right up to the wall of my garden. The platform has already been built which is illegal. I work night shifts and struggle to sleep in the day as especially in school holidays and after school, as at some points I have counted over 15 children playing running up & down the steps and platform making lots of noise & stalling in my windows. I have had to buy blinds so they can't see in. I can't open my windows for the noise. This is invading on my quality of life & well being. I have already back in June notified planning about the situation and they replied to me & as of the 17th of September, nobody at this property had even replied to Charlotte Dixon who visited the property in August. In this household, there is not just one family, there are lots of relatives

living together, even without the platform
sometimes the noise is unbearable. I
hope that kirlees does the right
thing & makes them remove it.

Yours
