Noisy & Dusty Works As these works are very close to my garden, which we use as a family from spring, we request that the works as soon as commenced shall be continually proceeded with and be carried through with reasonable expedition and in such a manner so as to prevent unnecessary inconvenience, whether from noise, dust or any other cause. Works that are the subject of this application should be carried out during the hours of 08.00 to 18.00 Monday to Friday and 10.00 to 13.00 on Saturdays. We would ask that no works that are the subject of this application shall be carried out on Sundays or Bank and Public Holidays. We would therefore assume, that the works are carried out in accordance with the Local Authority's current policy and requirements as regards noise attenuation and hours of working for noisy works and that all work is to be carried out in accordance with the Code of Practice for Noise and Vibration Control on Construction and Open Sites [BS5228] and to Local Authority requirements.
