Consultation Response from KC, Conservation and Design		
2021/93989 56, Hall Ing Lane, Honley, Holmfirth, HD9 6QW		
Erection of first floor extension		
Date Responded: 26.10.21	Responding Officer: Sue Brooks	Responding Ref:

56 Hall Ing Lane is a mid-late 19th century two-storey semi-detached property situated directly behind and to the south of the Grade II listed former Woodroyd Methodist Chapel which is now a dwelling.

The proposal is for a first-floor extension above an existing single storey mono-pitch extension, constructed in natural stone with a pitched stone slate roof to match the existing house.

Given the simple design and use of matching materials, the Conservation and Design Team does not consider it to harm the setting of the listed church and therefore we have no comments on this proposal.
