Date: 01 August 2022 11:25:47

I am writing to you IN SUPPORT of the planning application by Lidl on New Hey Road.
This is a much needed facility as the only other supermarket in the area has a limited range of goods, poor parking facilities and was recently closed for a number of days when it's roof leaked during heavy rain. The petition organised by the owners of the shopping mall obviously only targeted those who used the supermarket and not the rest of the community . They need some competition .
The last thing we need in this area is more housing without a better infrastructure.
The local schools are oversubscribed and it's impossible to sign on with a doctor or dentist.
