Dear Sir,

Manty thanks for your email of 26/11/21.

2021/94208 Outline application for re-development of former waste water treatment works, including demolition of existing structures to provide employment uses (Use Classes E(g)(ii); E(g)(iii); B2 and B8) Former North Bierley Waste Water Treatment Works, Cliff Hollins Lane, Oakenshaw, BD12 7ET

I have checked the West Yorkshire Historic Environment Record and studied the applicant's archaeological appraisal. This has established that the site has been intensively used during the later 20th century and that there is no significant known archaeological potential within it.

Therefore the West Yorkshire Archaeology Advisory Service do not consider any further archaeological works to be necessary.

Best regards

David
