No objections are raised in relation to the proposed plans. Concerns are raised in relation to the impact of the building works, specifically in relation to noise, disturbance and disruption that the works are likely to have on neighbouring properties/property owners and the highway during the building works. The Council are asked to consider imposing restrictions on the hours of works (i.e. 08:30 to 17:00 Mon-Friday and no working on weekends or Bank Holidays) to enable neighbouring properties to enjoy the benefits of their own properties on an evening and weekend. Consideration also be given to ensure that, should it be required, that any fires are limited to the grounds of the property and not allowed on the adjoining field which would cause smoke related disturbances. Access to neighbouring properties driveways/access points should also be asked to be kept clear.
