| <p>I strongly object again to the above application.<br/>The application has been rejected many times in the past but it is like a dark cloud hanging on our head and it feels like a constant threat<br/>I am writing again to lodge my objection to the planning application detailed above, for a number of reasons,<br/>The field is a flood plain and it has flooded numerous times in the last few years with the water coming on to Lady Ann road ,most recently it flooded around Christmas time in 2023 and beginning of 2024.<br/><br/>building houses on this field will make the flooding worse and I am worried water will come into our homes and destroy our properties.<br/>the field is a natural habitat for protected species of animals<br/>it will be a shame to destroy the natural habitat of the protected species .<br/>the traffic is bad on Lady Ann road and Soothill Lane during peak times ,the additional cars will make it worse.<br/>I bought the house in 2019 because of the beautiful view through my windows and it will be devastating that the views will be destroyed by the new development.</p> |    |
