<p>1this is a soak away and the land floods regularly. 2 inadequate outdoor space for new residents, and would take space from existing residents. 3 the bio diversity on the land water vole, bats protected trees and great crested newts. 4 this would spoil the existing character of the area. 5 this area as been previously declared inappropriate for building on. 6 traffic we are on a bus rout and primrose Hill is a small narrow road. 7 future encroachment of housing and traffic is unhealthy. 8this area is also used by local residents recreationally dog walking and children playing. 9 this area dose not have the proper inferstructure for this development.</p>
