Subject: Re proposed development on Lady Anne Road Soothill Batley

I wish to protest against the above proposed housing development on Lady Anne Road. This is totally unacceptable and will make an overcrowded area even worse - ie traffic down soothill, schools, doctors etc. There is just not enough space for any further housing in this area. This proposed site is a water meadow and contains wild life that will be eradicated if this goes ahead.

Apparently a survey has been carried out with regard to the wild life but this wasnt done over a period of twelve months in order to establish a true picture of the wildlife and their habits in the meadow.

Would you please contact me regarding this.

Regards

Secretary Soothill Residents Association
