<p>In my opinion this development is not in a safe place to build. No Schools, Doctors, not enough roads to cope with the extra traffic this development will require. This small piece of land is our green space. There are Bats, & recently we have had sittings of Roe Deer. This development would be built on a flood plane. The effects on our outlook from our homes would be lots of houses blocking our view of the fields & Howley Ruins & beyond. This our quiet space which would be ruined. These new houses would be like a blot on the landscape. This area as beautiful old Yorkshire stone houses therefore they would not be keeping with the character of these brilliant weathered houses. The traffic on Lady Ann going on to Soothill Lane would be horrendous, it's already a nightmare getting out on it Soothill.</p>
