**Subject:** Objection to planning permission to build houses on land between Lady Ann Rd &. Primrose Hill

**Date:** 22 December 2022 19:01:40

---

This small piece of land is our only green space. This land is home to lots of wild life, water voles live in the banking of the beck. Deer have been seen close to this land & Bats are seen in the trees on this land.

This land is prone to flooding & there isn't enough Doctors, Schools to cover any more houses in Soothill. The congestion that extra Cars would make Soothill grid locked & a nightmare in the morning & evenings.
